METROPOLITAN JUNIOR CHAMPIONSHIP

By WM. MITCHELL
Chairman of A. A. U. Tournament Committee

The Basket Ball Committee of the Amateur Athletic Union very early in the season discovered that there would be little likelihood of a senior basket ball tournament. On the other hand it was patent to the committee that there were hundreds of junior basket ball teams unaffiliated with the A. A. U., who for the good of the sport, should by some means be brought in touch with the Union. In view of this conviction the Committee decided to hold a Junior Championship for the further object of doing something to place the sport on an organized, clean, basis. After various meetings of the Committee it was finally decided to hold the tournament in the month of April, and the Young Men's Hebrew Association were asked and consented to the use of their court for that purpose.

A sub-committee to take charge of the championship, with Mr. Mitchell, as chairman, was appointed, and invitations to enter the tournament were sent out to a large number of junior teams. Fourteen teams qualified as follows: University Settlement, Union Settlement, Clark House, Christ Church House, Maxwell House, Y. M. H. A. Centrals, Prospect Park Y. M. C. A., National Turn Verein, Bryant High School, Xavier A. A., Atlas A. C., St. George A. C., Company K., Fourth Regiment, Hoboken, Calvary A. C.

It was found impracticable to play each team against the other, so it was decided to hold an elimination series in the form of a "round robin," in which the settlements were pitted against each other, the athletic clubs were placed in another class and the gymnasiums in a third. These fourteen teams represented the crack players of the metropolitan district, and a very exciting and interesting series of games were held. In the semi-finals the result was as follows:

1906/07

GEORGE T. HEPBRON
Secretary Amateur Athletic Union National Basket Ball Committee

	Won.	Lost.
Clark House.....	3	1
Y. M. H. A. Centrals	3	1
University Settlement	3	1
Christ Church	3	1
Xavier A. A.....	1	3
Calvary A. C.....	3	1
National Turn Verein.....	0	3
Maxwell House.....	1	3
Union Settlement	0	4
Bryant High School.....	1	2
Prospect Park Y. M. C. A.....	2	1
Atlas A. C	1	2
St. George A. C.....	1	2
Company K., Fourth Regiment.....	4	0

The final series found the following clubs pitted against each other: Clark House, University Settlement, Company K., Fourth Regiment, Y. M. H. A. Centrals, Calvary A. C., Prospect Park Y. M. C. A.

It was evident to all that Clark House would be in the finish. Their team showed excellent training, good judgment, and throughout the series played a strong, clean game. Company K. and Calvary A. C. were looked upon as dark horses, as in the semi-finals they showed great form, but the latter went to pieces toward the end. The Y. M. H. A. Centrals were handicapped, as the team became badly crippled in the final series by the absence of several strong players. The University Settlement team played a fast game but at times a great deal of "roughing" was indulged in. Prospect Park Y. M. C. A. played pluckily, but was evidently outclassed. The final score was as follows:

	Won.	Lost.
Clark House.....	5	0
University Settlement	4	1
Company K., Fourth Regiment.....	3	2
Y. M. H. A.....	2	3
Calvary A. C.....	1	4
Prospect Park Y. M. C. A.....	0	5

The Basket Ball Committee of the A. A. U. felt highly pleased with the result of the tournament, and it is to be hoped that basket ball will be put upon a better footing as a result of the games. The tournament was held a little too late in the season and this year an effort should be made to hold a similar series early enough to hold the interest of the public from start to finish.

It is hoped, too, that the senior clubs will get together and bring out a good aggregation of players who will do their utmost to keep basket ball free from professionalism and free from "rough-house," to the end that the sport may become thoroughly clean and healthful to the players as well as interesting and exciting to the onlookers.

BASKET BALL IN BIRMINGHAM

By C. H. MILES

Secretary-Treasurer Birmingham Athletic Club

The past season was very popular. There was no regular city league organized, but the Athletic Club had a club league that proved quite a success. It was named the "Color Series," with four teams, the Reds, Blues, Whites and Yellows.

The following series of games were hotly contested, playing two games a night, and resulting in a victory for the Blues, they winning four games out of the six :

- January 5—Reds 32, Blues 12.
 5—Whites 22, Yellows 19.
 12—Reds 32, White 18.
 12—Blues 11, Yellows 19.
 19—Blues 51, Whites 12.
 19—Reds, 9, Yellows 22.
 26—Reds 24, Blues 30.
 26—Whites 26, Yellows 16.
- February 3—Reds 21, Whites 15.
 3 Blues 16, Yellows 9.
 10—Reds 22, Yellows 27.
 10—Blues 25, Whites 17.

A very active Junior League was carried through. The Y. M. C. A. had a successful Junior League and a series of three games were played by the winners, with the Birmingham High School (all on the Association Court), which resulted in a victory for the High School.

The Los Angeles County High School Basket Ball League this year completed one of the most successful tournaments in its history. Nine teams were entered and much interest was taken in all the games played. As the season progressed it was evident that the championship lay between the Whittier and Pasadena teams and when they met in the last game every player went in "to do or to die." It was anybody's game until the timekeeper's whistle blew for the end of the second half, when the score stood: Pasadena H.S., 30; Whittier H.S., 29. Both teams played hard and consistently throughout the season, Pasadena surpassing in goal throwing and Whittier in team work.

In the Citrus League the Redlands High School won out after some close games with Riverside and San Bernardino.

The Fullerton High School team was the leader of the Orange County League.

Ventura High School won the Ventura League Championship.

The winners of the high school leagues were paired off to play for the Southern California Interscholastic Championship on June 9, but owing to the lateness of the season, Redlands, Fullerton and Ventura forfeited to Pasadena High, giving her the banner for 1905-6.

BASKET BALL IN THE WEST AND FAR WEST

By E. P. O'NEILL, Red Wing, Minn.

Comparison of Western basket ball play shows well-defined styles in different geographical locations. Accompanying the Red Men's team of Red Wing, Minn., on its Pacific Coast tour, the past season, the writer was enabled to witness the play of every prominent team west of the Mississippi, except the lower river clubs. A careful consideration of the various styles brings the conclusion that the Mississippi Valley method is undoubtedly the superior one, enabling a team to hold the score down when playing a losing game, and when winning, the effect of the impregnability of the defense is a decided factor in adding to its goals.

The "Mississippi Valley style," used in Minnesota, Wisconsin, Illinois and Iowa, and ably exemplified by the Red Men team of Red Wing, Minn., Wheaton College, Wheaton, Ill., Sioux City Y. M. C. A. and the Muscatine team of Iowa, consists in the building up of the team from the defense, the guarding of the home goal never being neglected for brilliant openings. Long, swift passes replace excessive foot work, and the forwards depend on backward one-foot pivots and one-handed throws for shots at goal rather than numerous passes to obtain an unguarded throw. A one-handed shot is more inaccurate than the two-handed throw, but it is not to be guarded without a foul.

The "Mountain style" prevails in North Dakota and Montana, and is expounded in its best form by the State Agricultural School of Fargo, N. D., and the High School of Anaconda, Mont. It is the continued forward and backward running of each player, the guards shifting from right to left, likewise the forwards, all of which calls for great physical activity, and the fate of the poorer conditioned team is soon sealed. Short passes are the rule and very pretty team work is shown, with little pro-

portionate results in points, however. A weakness in this style is continued violation of the progress rule, and the fact that of necessity the playing results in principally individual work as it approaches the guarded goal. This is conclusively shown by the fact that the Red Men did not lose a game in either State, winning all nine played.

The "Pacific Coast Style" might be defined as the "Mountain" method highly developed and possessing a number of additional features. On gaining possession of the ball all five men are played down the field with great rapidity, using short, rapid passes with but little fumbling and invariably gaining a throw at goal, and the slower team soon finds itself convinced of its slowness by the score. However, the throwing is usually less accurate after the hard running and home goal unguarded unless the play has resulted in a goal. If the goal is missed, back rush all five players again in a body. The Red Men blocked this work continually by keeping one forward well up by the opponent's goal and after securing the ball from the try-for-basket would make one long pass and score unguarded. The Pacific Coast style when worked rapidly enough, however, is very effective. At Puget Sound Academy, Snohomish, Wash., and at the Oregon Agricultural School, at Corvallis, where the Red Men were not able to block it, they met their only decisive defeats of the whole tour.

In Utah, Colorado and Wyoming a combination of the Pacific Coast and Mississippi Valley methods of play are in vogue, using the best points of each, with the effect that individual playing has been brought strongly to the front to secure goals. At American Forks and Provo, Utah, the Red Men were faced with their own one-handed throws and pivot getaways for the first time since leaving Minnesota; as a result the contests in these States were all hard fought, with close scores; the guarding was also excellent, one weak point being the lack of team play close to the goal by the forwards, though the guards invariably worked together. These States have had the experience of meeting both Wheaton College and the Sioux City Y. M. C. A. *en tour* and strengthened up their work thereby.

BASKET BALL IN THE PUBLIC SCHOOLS OF NEW YORK CITY

By LEE F. HANMER
Inspector of Public School Athletics

During the past year special interest has been taken in Basket Ball by the New York City Schools.

The Board of Education has placed basket ball goals and balls on its supply list, with the result that 92 Elementary Schools have been able to find space more or less suitable for courts.

All of the High Schools have teams, and most of them have courts of their own.

The Public Schools Athletic League was able to rent several outside courts, which were used as centers by schools not having facilities of their own.

The tournament in the Elementary Schools was held during March and April. 84 teams entered. There were two classes of teams, viz.: Juniors and Seniors. Juniors were limited to 13 years of age and Seniors to 15 years.

All players were requested to have a satisfactory standing in scholarship and deportment, and no entry was received unless it was endorsed by the Principal of the school.

The games were first played in the twenty-five District Athletic Leagues in the city. The winners then played for the Championship of their respective Boroughs, and the Borough champions were matched for the City Championship.

The large number of teams entered made it necessary to pair the teams off and play winners only.

The District League Champions were :

At the June meeting of the Elementary Schools Games Committee it was decided to classify the teams by weight instead of by age in the 1906-7 tournament.

The High Schools tournament was scheduled to be played between January 6th and April 14th. Nine teams were entered. Every team was required to play every other team. Owing to several delays the tournament was not finished until late in April. In view of this the High Schools Games Committee voted that the last regular game on the schedule be final, no matter what the standing of the teams might be. The result was a tie between the High School of Commerce and Boys' High School.

The officials in both the Elementary and High Schools tournaments were appointed by the Public Schools Athletic League.

Rough playing was the source of considerable trouble, and the Committee found it necessary to use severe measures to check it. Several players were suspended for one year. This was largely due to the great interest taken in the tournament, and the keen rivalry between the teams. Many of the games were won by a single point. When a team has won the championship of its District League and thus becomes the representative of nearly 30,000 school children, it is likely to feel that it must continue to win at any cost. This is even more true of the Borough champions. In some cases the coach is also responsible. The League proposes to deal promptly with offenders in this particular and not allow a game that offers so many advantages as does basket ball, suffer on account of a few unscrupulous or over zealous players or coaches.

The trophies for the Public Schools tournament are:

Junior Elementary School, Bronze Players, presented by Alfred G. Vanderbilt.

Senior Elementary School, Bronze Wrestlers, presented by sons of Charles Pratt.

High School Sprinters, presented by Cleveland H. Dodge.

These are all perpetual trophies and are held for one year by the winning scholars.

Gold Medals were given to members of teams winning the City Championship and similar medals to Borough Champions.

NEW HAVEN SCHOOL BASKET BALL CHAMPIONSHIPS

W. R. PEARSON, Y. M. C. A., New Haven, Conn.

Early in March the teachers of the public schools of New Haven and the Physical Directors of the Y. M. C. A. met and organized a Basket Ball League of twelve teams to play for the championship of the public schools of the city. Each school was to be represented by not more than seven men, three of whom at least were to be members of the Y. M. C. A. Eligibility was fixed both by the age and weight limit. The winning team was to receive a pennant which is the property of their school until wrested from their hands in subsequent champion games.

All the games were to be played in the Y. M. C. A. gymnasium, the association furnishing all the means for advertising and all other expenses, and were to have all the receipts from the games. The officials for the games were to be furnished by the Y. M. C. A. All games were played on Saturday mornings, any team failing to be ready within five minutes of the scheduled time was to forfeit the game. Most of the schools in the city were represented and the only forfeits made, were made by teams which had no show of winning. The attendance was fair at some games and a good deal of interest was shown. Had the teachers themselves attended the games in greater numbers, the interest would have been far greater.

In some close games "rooters" for their teams turned out with banners and colors, and made the occasion very interesting. Financially all the expenses and receipts broke about even. Otherwise the purpose of the league was sufficiently realized to make it desirable to repeat the games next year.

HISTORY OF A SUCCESSFUL BASKET BALL LEAGUE

By J. CALLAHAN, Jersey City.

In the fall of 1902, the most prominent men in basket ball circles in the City of Hoboken, came together to consider the proposition of forming a league.

After several meetings the officers of the league were voted in and a constitution and by-laws drawn up. There were several clauses in the latter which were the subject of much debate and discussion, but by the sincere and unselfish efforts of the delegates representing the several clubs, all difficulties were surmounted and a schedule was drawn up.

This proved to be the most trying task of all, but like the other difficulties, it was overcome by the persuasive oratory of a few of the delegates.

Thus reads a brief account of the forming of the Hoboken League, a league whose vast influence has promoted enthusiasm in and around Hoboken.

Upon the opening of the league everything pointed to a most successful season, both financially and otherwise, and this proved to be the case.

The close of the playing season found two teams aspiring for the championship honors, namely: the Riversides and the St. George, each having lost a game and each confident of winning in the play off.

This game brought together the largest crowd of basket ball followers that ever witnessed a game in that vicinity. The officials were carefully selected, and when the whistle blew denoting the end of the game the Riversides were ahead, thereby gaining the championship.

This ended a most glorious season with most promising prospects for the following year. The following two years the Rose-dale Boat Club succeeded in carrying off first honors after over-

coming many obstacles unforeseen at the beginning of the season. The league, as in the first season, proved a success, but the predominating spirit throughout seemed to call for outside opposition, a spirit which prevailed during the following season. This brings us to the past season of 1905 and 1906.

At the beginning of this season a meeting was called to form an Inter-City League. The following clubs were represented: Anchor A. C., Rosedale B. C., Atlantic B. C., Lauter Piano Co., Company K, 4th Regiment, Majestic B. C., St. George A. F. C., and the Naval Reserves. This list consisted of the strongest teams in Jersey City and Hoboken.

At the second meeting of the league the officers were elected as follows: Mr. C. W. Wright, President; Mr. C. Zoller, Vice-President; Mr. J. J. Fagan, Treasurer; Mr. J. J. Callahan, Secretary. A third meeting found a schedule intact and accepted by the delegates and thus paved a way for a most successful season.

In the public's eye the most formidable contestants for the championship were the Rosedale B. C. and the Anchor A. C. The opening of the league brought together the Lauter Piano Company team and the two-time winners of the championship, namely the Rosedale B. C. The contest ended with the Lauter team in the lead. Rosedale protested and the league decided that the game should be played over.

The season was rapidly nearing a finish and the Anchor A. C. was looked upon as the most likely winner as it had defeated all teams with the exception of the Lauter Piano Company team.

The Lauter-Anchor game, being the deciding contest, drew the the largest crowd of the season. This contest practically decided the championship, as all depended upon the result. Few thought the Lauter team had a chance and only a few of the Lauter's staunchest admirers saw a dim ray of hope.

President White, of the league, the mainstay and backer of the Lauter team, only smiled when asked about the outcome. The crucial moment arrived and found the Lauter team not lacking. They led a fast pace from the start and toward the end the Anchor's were played to a standstill, having been overwhelmingly defeated by the most surprising score of 29 to 15.

By this game the Lauters jumped to the head of the line ; but one more obstacle was to be overcome, namely, the protested game with the Rosedales. Hoboken's last chance to carry off the honors lay in Rosedale's defeating the already likely champions, the Lauter team. Were they equal to the emergency ? Would the light machine-like playing of the Rosedales crumble the fast brainy game played by the piano players ? Could Captain Gallagher outwit the leaders of the Lauter team ? Such were the many questions asked and answered by the local enthusiasts.

If Rosedale could accomplish the above, there would be a three-handed tie, the Anchors, Rosedales and the piano makers all laying claim to championship honors. But this was never to be. The answers of the many questions could not be foretold until the whistle blew denoting the ending of the game and bringing to a climax the energetic and industrious efforts of those accomplished men who were the pillars of the league throughout its brilliant season.

The Lauter team, as in its other contests, proved itself equal to the occasion, though the boat club boys were not found lacking. It was one of those heart-breaking contests that seems to hold the spectators spellbound, one of those contests on which the rooters are one minute cheering their team on to victory and another their feeble voices are lost amid the uproar and cheering of their adversaries.

The game opened, Rosedale leading from the start, and the ending of the half found Rosedale with a comfortable margin. In the second half the bulldog grit and spirit predominated amongst the Lauter players, and by a wonderful burst of speed tied the score. There was only a few minutes to play, the ball went outside and the referee called a center ball. The great struggle was resumed.

Such cheering was never heard before, a spectator remarked, after one of the most glorious battles ever witnessed on a basket ball court. The piano boys, amongst whom that bulldog tenacity seemed to cling throughout their several contests were not found wanting, having won out by the score of 16 to 14. This ended a glorious season.

To President C. W. Wright goes the greatest praise, as his wonderful diplomacy and able management held the league intact throughout the season. His able management of the Lauter teams brought home the cherished fruits of victory.

CHURCH LEAGUE BASKET BALL CLEVELAND, OHIO

By H. E. PEARSE

The first Basket Ball Championship of the Church League of Cleveland, Ohio, was won by the Madison Athletic Club of the Madison Avenue Presbyterian Church. This is the first season a Church League has been organized, and judging from the enthusiasm it has aroused, seems to have come to stay. Mr. Clark, of Central Y. M. C. A., was very active in getting the league started and its success is largely due to his efforts. Mr. Carroll, of the Madisons, was elected President; Mr. Kirkpatrick, of the Houghs, Secretary; and Mr. Carr, of the Gordons, Treasurer. A constitution suited to the needs of the league was also adopted.

Inasmuch as Cleveland Basket Ball was controlled by an association known as the Cleveland Amateur Basket Ball Association, and the Y. M. C. A. was under its jurisdiction, all players to be eligible to the league had to be registered in this association.

The league was composed of eight teams representing various denominations. All match games were played at the Central Y. M. C. A. on Thursday nights. Each team played fourteen games, meeting each opponent twice. The Madisons easily carried off the pennant, losing only one game, which result was expected as they had defeated all other church teams in the preceding year. The Pilgrim team, after playing three games, dropped out, and the remainder of their games were forfeited by the score 2-0.

That the league created an interest to basket ball followers was proven by the fact that the fifty admittance tickets allowed each team was not sufficient to supply the demand.

Next year, on account of the amount of interest taken in the league, it will be composed of twelve or sixteen teams.

CHURCH ATHLETIC LEAGUE CHAMPIONSHIPS, NEW YORK CITY

By JOHN H. POGGI, Xavier Athletic Association

The Second Basket Ball Championship series of the Church Athletic League of New York was even more successful than the first, not only in the interest shown and the enthusiasm aroused at the games but in the character of the games played. The teams entered were divided into three divisions—Senior—Junior—Midget.

In the *Senior Division* it was a foregone conclusion that the Xavier A. A. team which won the first championship would again reach the coveted goal, which it did without losing a game, winning them all easily. While this fact somewhat robbed the tournament of interest that might otherwise been shown, the fight, nevertheless, for second place, between the Bethany and St. George clubs, more than made up for it. These two teams finished the season with seven victories and three defeats each. The tie was played off, Bethany winning the game and with it second place, St. George, of course, getting third place. Grace and Calvary at the start were both represented by good teams, but as the tournament went on some of their players left the teams, with the result that both clubs lost games which might otherwise have been won. St. Mark's being outclassed from the start dropped out after playing four games.

In the *Junior Division* the interest was intense, as both the Xavier and Calvary teams were favorites for first place. It was doubtful which one of these two teams would win the championship until the last week of the tournament, when at the Xavier Club, before the largest crowd present at any one game of the series, the Calvary team defeated the Xaviers for the second time. The Calvary team was looked upon as the fastest junior team of the year, they winning all their games with ease. Grace and Bethany finished tied for third place, Bethany winning the play-off.

In the *Midget Division* the Bethany and Calvary clubs at the finish were both tied for first place each having won three games and lost one. Bethany won the play-off.

Too much credit cannot be given Mr. G. G. Brockway, of the Bethany A. C., who was chairman of the Basket Ball Committee, for the able manner in which he handled the tournament. Much of the success of the tournament was due to his untiring efforts to see that all clubs were satisfied.

The prediction made a year ago, that the second championship of the league would be more successful than the first was realized.

It seems, therefore, wiser to turn to the future, wondering what the coming season may have in store for the league, instead of indulging in more forecasts.

ROLLER SKATING BASKET BALL CHAMPIONSHIP, NEW YORK CITY

By JOHN H. POGGI, Xavier Athletic Association

The first basket ball tournament on skates ever held in New York City was run during the months of July and August at the Madison Square Garden Rink under the auspices of the Twentieth Century Athletic Club, and proved a big success. The following teams competed: St. Peter's Fraternity, Calvary A. C., Colonials and Orioles. Efforts were made to get the Xavier A. A. to enter a team, but they declined. The tournament aroused great interest, as was shown by the large crowds that attended the games on basket ball nights, and it is safe to say that basket ball on skates has come to stay and will no doubt give the older game a close race for first honors. The games were all well contested, with the exception of those in which the St. Peter's team played, this team proving themselves just as good on skates when playing as when off, and won their three games with remarkable ease, winning the championship without losing a game. The Calvary and Colonial teams were tied for second place at the close of the tournament, each having won 1 and lost 1 and they played the tie off, Calvary winning 14 to 10, taking second place, with Colonials third. The tournament was run under the auspices of the A.A.U. basket ball committee. No fouls were called during the games, the referee warning a player for unnecessary rough play. A rule was also made that no player could skate more than ten feet with the ball without dribbling and score a goal. A man could dribble the length of the court and score a goal. These were the only changes made in the rules governing the regular game. Messrs. Pollok and Powers, the managers of the rink, donated gold, silver and bronze medals to the teams finishing one, two, three, in addition to a gold plaque that was given the St. Peter's team for finishing first.

BASKET BALL IN SOUTHERN CALIFORNIA

BY JOHN F. TORREY

Member Auxiliary Basket Ball Committee

The season 1905-1906 was another successful period for the game in Southern California. Besides the big league, there were several smaller ones formed by the high schools in the different counties and the games played off in good form. The winners of these leagues were to have met in finals and played for the Southern California Interscholastic Championship, but owing to the lateness of the date set, most of the teams were not in training. The Pasadena High School had the only representation present at the appointed time and the championship was awarded to that school by default.

On January 17 the Men's Amateur Basket Ball League of Southern California began its season greatly handicapped by the lack of places in which to play. The Turner Gymnasium was the only available court that was suitable for championship games and it provided but little room for spectators. During the months of January and February the games were played on Wednesday and Saturday nights, but during March and April, the gymnasium could only be obtained on Saturday nights. As there were ten teams in the league it was necessary to play two games each evening during the first two months, and three were played each Saturday in March and April. This will explain why none of the challenges from Eastern teams were accepted.

The general playing of the teams in the league was an improvement over the playing of the year before, a much cleaner style being adopted by all. The officials were responsible for much of the improvement, as they were very strict in enforcing the rules. The league was very fortunate in securing such men as Mr. E. R. Taber and Mr. E. Brietkrautz, the latter of the University of Wisconsin, to act as referee and umpire during the whole season of three months.

The series was played off as it was the year before, each of the ten teams playing each of the other teams once; the four winning the highest percentages of games qualified for the finals. The finals were played in like manner, the teams winning the highest percentage of these last games being awarded the *Examiner* Pennant and the League Gold Medals.

In October, 1905, the Physical Directors Society, of the Connecticut Valley, in Massachusetts, organized a Basket Ball League including the following Young Men's Christian Association teams: Westfield, Northampton, Holyoke and Springfield. The season opened December 9th, and all scheduled games were played off with the exception of the second game between Northampton and Springfield, which the former team forfeited. The end of the season found Holyoke and Springfield tied for first place. An extra game was played on a neutral floor, resulting in a victory and the championship for Springfield.

SYRACUSE AMATEUR BASKET BALL LEAGUE

By F. W. KNOWLAND, Vice-President of League

The fine showing of the crack basket ball teams in and around Syracuse last year, caused many of the players to discuss the advisability of organizing a league.

The interest increased during the winter and finally a meeting was held in January, at which time it was thought advisable to organize the league.

The managers of the different teams were notified, and at a meeting held about one week later the Amateur Basket Ball League of Syracuse was fully organized.

Amateur Athletic Union rules were adopted and the following teams were enrolled: Engelbergs, W. H. Sullivan, manager; Pastimes Stripes, W. F. Reidman, manager; Company C, Homer Goodspeed, manager; Defenders, Edward Ostrom, manager; West Sides, Fred Gere, manager; All Syracuse, Harry Cook, manager; Majestics, H. Tiffany, manager; Ionas, E. A. Bates, manager; Suburbans, John Foley, manager; Nationals, John Nolan, manager.

The following officers were elected for the season: John H. Foley, President; F. W. Knowland, Vice-President; E. A. Bates, Secretary-Treasurer.

A committee on rules, schedule and halls was appointed by the President. It consisted of the following members: H. Goodspeed, chairman; Edward Ostrom, Harry Cook, Fred Reidman, H. Tiffany, W. H. Sullivan.

As the league desired to commence playing at once, each manager registered seven players, who would be the only ones to represent that team during the league series.

The managers of the teams in the league were delighted with the advantages offered through the Amateur Athletic Union registration scheme.

This will be a long step forward in organized amateur athletics as these teams will be identified with the Amateur Athletic Union in this section.

A handsome silk pennant was donated by A. G. Spalding & Bros. for the winner.

The first games were played in the Pastime A. C. rooms, on the North Side, and were well attended.

The interested teams commenced by playing fast ball and every game was full of life and consequently of great interest to the large number of spectators attending the games.

At this point the league was unable to secure the Pastime rooms for the remainder of the season.

At a meeting of the league the officers elected a new committee to take entire charge of the schedule. The men named were: A. A. U. Commissioner V. V. Roseboro, John Linsenmeyer, F. W. Knowland.

Through the generosity of the officers of the State Armory the use of that building was tendered the committee and graciously accepted.

The standing of the teams on March 8 were as follows:

	Won.	Lost.	P. C.
Pastime Stripes.....	2	0	1.000
Suburbans.....	2	0	1.000
Engelburgs.....	2	0	1.000
Defenders.....	1	1	.500

All Syracuse.....	0	1	.000
West Sides.....	0	1	.000
Ionas.....	0	2	.000
Company C.....	0	2	.000

The league was unable to secure the Armory again during the season, and this left the schedule uncompleted.

The commissioners appointed by the league decided that it would be for the best of all the teams interested to discontinue for the present and take up the games early in the coming season. It was also thought advisable to play as many games as possible on different floors and then the teams would be able to meet more often and also keep up the interest in the league.

INTER-SETTLEMENT BASKET BALL

By CHARLES H. WARNER, Clark House, New York City

In gymnasiums, both large and small, some well equipped and others with scarcely any equipment, the boys in the Settlements have been playing basket ball for at least three years before the Inter-Settlement Athletic Association, with its Basket Ball League, was formally organized in October, 1903. The Settlements were playing the game for some time before it was introduced into the public schools and parks.

For at least three years, each Settlement was playing the game in its gymnasium, not knowing what the other Settlements were doing in the game. Then a temporary league was formed which brought the Settlements together into competition. It was successful. Then in 1903, with the formation of the Inter-Settlement Athletic Association, a permanent Basket Ball League was formed which conducts settlement championship series each year.

Eligibility rules were made and have been changed almost every year. It was at first thought best to provide for both age and an average weight for the players; but naturally this did not work satisfactorily. Then the age limit was dropped, and the average weight remained as the principal rule. This also was entirely unsatisfactory because the weights were taken only at the beginning of the playing season. Our present rules, which are working satisfactorily, provide for no age qualification, but provide for *actual weight* of each player to be taken before each game. To provide for all the members of the Settlements, four playing divisions are maintained, as follows:

- 1—Senior Division, no weight limit.
- 2—Middle Division, 125 pounds.
- 3—Senior Division, 115 pounds.
- 4—Schoolboy Division, 100 pounds.

UNIVERSITY OF WISCONSIN.

These rules have been found to be the most satisfactory, and naturally, the teams now playing are better matched as to size.

The success of the teams playing in the Inter-Settlement Basket Ball League can be seen by reference to some of the scores in games played, not only in its own league, but with other teams. The Settlement teams have played and defeated many high school teams, and have played some closely contested games with athletic clubs, some of which possess splendid gymnasiums. The success of the Settlement teams seems all the more remarkable when it is remembered that with the exception of perhaps four or five Settlements, the teams have scarcely any place for practice. The rooms are small, with low ceilings, and under such conditions a fast, passing game is almost impossible, which greatly handicaps them when they are called upon to play on a large open court.

However, the playing ability of the Settlement teams, of the middle division especially, which entered the Junior Basket Ball Championships of the Metropolitan District of the Amateur Athletic Union, which brought together the best teams in New York City and vicinity, can be seen by referring to the account of that championship series in this Guide. There it will be found that the Clark House team took first place, and University Settlement team second place. The preliminaries were played in separate series, and had it not been that the Christ Church House team, also from the Settlement League, was in the preliminary division, composed of Settlement teams, where only two teams could qualify for the final series, it is almost certain that they would have taken the third place in the final series.

The Inter-Settlement League will conduct its basket ball championship series this coming season, and again keen rivalry and closely contested games may be expected.

The final standing of the teams, showing the number of games won and lost during the season of 1905 and 1906, is as follows :

This shall not be interpreted as interfering with a man's turning around without making progress as long as he keeps one foot in place. The **Referee** or **Umpire** shall call a foul for violation of this rule.

SEC. 14. The ball shall be held by the hands only. The using of any other part of the body to hold or assist in holding the ball constitutes a foul. Hugging the ball is a foul. The **Referee** or **Umpire** shall call a foul for violation of this rule.

This shall not interfere with an additional free throw for goal from foul line.

SEC. 33. When a foul has been made, the opposite side shall have a free throw for the basket at a distance of not less than *fifteen feet* from a point on the floor directly beneath the centre of the basket, measuring towards the opposite basket. In such case whether the goal is made or missed the ball shall be thrown up at the centre. The **Referee** makes the decisions on this rule.

Ball to be thrown at basket.

SEC. 35. The blowing of any official's whistle shall not prevent a free throw that has been awarded. If for any reason a whistle is blown by anyone other than the officials authorized to do so, and it is heard by the **Referee**, the game shall stop immediately and the **Referee** shall call "time" until the ball is put in play in the centre. If a goal is thrown it shall not count unless the **Referee** decided the ball was in the air when he heard the whistle.

DIAGRAM OF BASKET BALL FIELD, SHOWING POSITION OF FIVE-MAN TEAM

HOW TO SCORE BASKET BALL

BY LUTHER HALSEY GULICK, M. D.

The increased use of the score book last year resulted in the teams getting down to more scientific playing. Better records were kept, and the managers were able to size up their men more accurately. This score book is almost a necessity to the manager of a team who wishes to keep accurate record of all his players; who made the fouls, and what kind of fouls; who made the goals, and under what conditions they were made. A sample page for a single team is herewith given. In the first column is found the names of the team and the players; in the second column, the goals that were made during the first half. In this column will be found three sets of marks: an X, which is a goal from the field; an O, which is an attempted goal from a free throw, but which was missed, and an X inside of an O, which means a goal thrown from a free throw. The X, of course, counts two points, the O nothing and the X inside an O, one point. At the bottom of the column is the total number of points made during that half. In the third column are the fouls. First, is A1. By referring to the bottom of the page, under the head of FOULS, we see that A1 is for delaying the game. This foul, together with A5 and A4, was made by John Jones. If A. P. Yost had made another Class B foul, he would have been disqualified. In the second half, the captain thought that Chas. Brown would best make the free throws, but after two failures, he went back to John Jones who scored two. A score kept in this way is of the greatest value, and without it a scientific estimate of the men is hardly possible.

SUGGESTIONS FOR OFFICIALS

BY GEORGE T. HEPBRON

There was a decided improvement in the efficiency of the officials last season. This is to be expected as the rules became better known and the object of the game better understood; still, there is room for improvement.

The fact that a man is a good player is not sufficient reason for selecting him to be an official. In addition, he must have character and backbone.

If, among others, the following characteristics are exhibited by the officials, the games this season will be better officered, and less friction will be manifested:

1. Instant recognition of a violated rule and the penalty for same.
2. Backbone enough to make a decision and stick to it.
3. Abstinence from fault finding. (The duty of officials is to make decisions—not to lecture the players.)
4. Readiness to explain in the fewest possible words why that particular ruling was made.
5. Willingness to produce the rule as authority for action.
6. Never, under any circumstances, allowing the prolonged discussion of a rule during the progress of the game.
7. Willingness to allow the players the privilege of appeal from his interpretation of the rules to the proper committee.
8. Kindness and courtesy to all and the maintenance of a level head under trying circumstances.
9. A strong purpose to follow the rules in letter and spirit, and a determination not to be susceptible to outside influences.
10. Will not overstep his authority, appreciating at the same time his full duty.
11. Knows the rules so well that a reversal of decision is not necessary.
12. Impartial in all his dealings.

AUXILIARY BASKET BALL COMMITTEE

The Basket Ball Committee recommended to the A.A.U. that auxiliary members of this committee be appointed in every section where such appointment would assist in maintaining a high amateur standing for the game.

This recommendation was favorably acted upon, and steps were taken to establish such a committee.

All the A.A.U. committees in the various sections of the country were corresponded with and the names on page 4 is the result.

The committee hopes to add to this list from time to time, until every locality in the country is represented.

This plan will put basket ball more in the hands of those who play the game than is done in any other sport at the present time.

The duties of this committee are as follows:

1. To keep a list of all the teams in their locality.
2. To receive suggestions regarding changes in rules for the next year and forward to proper person.
3. To collect the photographs of the best teams in their locality and forward to proper person.
4. To assist in conducting tournaments in their vicinity which are held in accordance with the rules of amateur sport.
5. To furnish for the Annual Guide a report of their locality regarding the progress of the game in general and of tournaments in particular.
6. To assist in every way possible to keep the game free from professionalism and to eliminate individuals who are not disposed to play gentlemanly ball.
7. To dig out good, level-headed men for officials who are interested in seeing fair play for both sides.
8. To keep in close touch with the national committee on the correct interpretation of rules.

Those interested are requested to send names of good men for this committee.

JERSEY CITY (N. J.) HIGH SCHOOL TEAM.

SUGGESTIONS FOR TEAMS

1. Select a coach that is interested in the well-being of the game and is not blinded with the god of victory.
2. Select a manager that will not lead the team into professional games.
3. Select only competent, impartial officials. If there are none in your locality, develop some.
4. Select teams to play that use only the official rules.
5. Select teams that play with the official ball and save your team from losing a game already won by having the game declared forfeited because another ball was used.
6. Select teams to play that use the official basket ball and have a background in accordance with the rules.
7. Select only those teams that abide by the recognized rules, having their games sanctioned and men registered.
8. Select teams to play that have suitable floor space so the spectators do not interfere.
9. Select teams to play that do not allow rowdies in to see the game, to insult your players and create disorder.
10. In short, abide by the rules yourself and insist on others doing likewise or refuse to play them.

A letter addressed to the Secretary of the A. A. U. Basket Ball Committee, P. O. Box 611, New York City, will be courteously treated and information given on interpretation of rules, and the names of the persons to whom you may apply for registration and sanction, etc. Please enclose stamp for reply.

REGISTRATION OF ATHLETES

All questions pertaining to the Sanctioning of Games, Registration of Basket Ball Players and other athletes will be cheerfully answered by the Chairman of the Registration Committee, to whom applications for registration should be sent. Every amateur athlete, novice or otherwise, must now pay registration fee.

All moneys sent through the mail should be registered to insure safe delivery.

ARTICLE XI.—REGISTRATION OF ATHLETES.

1. In no meeting, game or entertainment that has been sanctioned as an open athletic meeting shall an athlete's entry be accepted unless he shall have received a numbered certificate of registration, stating that he is an amateur and eligible to compete in amateur sports. The provisions of this paragraph do not apply to events that are "closed," that is, open only to members of the organization giving the said games.

2. All organizations giving open games or competitions under Amateur Athletic Union rules and sanction must state on their announcements and entry blanks that no entries to open events can be accepted except from registered athletes.

3. Each athlete applying for registration and receiving same shall be assigned a number, which number shall be plainly written on his registration certificate. Managers of all open athletic meetings must leave a space on their entry blanks for recording the name and number of each registered athlete who enters.

4. An allied member may provide its own system of registration, not in conflict with the Constitution, By-Laws and Rules of the Amateur Athletic Union, as to amateur status, and available only

to those actively affiliated with such allied members, and may impose such fee for registration as it may see fit.

5. The President of each active member shall be empowered to appoint athletic commissioners who shall have allotted to them territory within the territory of said active member and whose duties shall be such as is defined to them by the President and by the members of the Registration Committee and who will act as representative of the Registration Committee, with power to grant temporary cards of registration and to grant sanctions and to disqualify athletes, and in the case of disqualifications, to investigate and try the suspected athlete and report such findings to the Chairman of the Registration Committee of such Association for final action.

6. Every active member of this Union shall appoint a Registration Committee, to which shall be referred all matters within its territory pertaining to competition of amateur athletes on track or field and to the registration of athletes.

7. Such Committee shall receive, examine and decide upon all applications for registration, and shall have the power to grant or withhold sanction for athletic meetings and to impose penalties upon promoters of athletic meetings and upon athletes who compete or exhibit at the same without sanction of the Committee, and shall have the right of censorship on the character of prizes, offered at athletic meetings and may withhold or withdraw the sanction, providing its decision in excluding any prize is not complied with.

8. Such Committee shall have the right in considering and determining questions that affect the amateur status of any athlete to act upon any kind of evidence circumstantial or direct and *may receive and act upon affidavits and in its discretion may consider common report sufficient basis for suspension or disqualification* and shall have the power to permanently suspend any amateur athlete who neglects or refuses within thirty days to answer questions touching his amateur status to the satisfaction of the Committee.

9. Such Committee can require an itemized statement of expenses, with receipts and vouchers, from any registered athlete

or from any organization holding an athletic meeting under A. A. U. rules.

10. It shall be the duty of the Registration Committee to make or have made, inquiry regarding any athlete whose amateur status is questioned, and all charges shall be entered with the Chairman of the Committee, who shall provide for an investigation by a member or members of the Committee. Pending investigation, the athlete against whom charges are brought, may be suspended. Suspicious circumstances, which are, in the judgment of any member of the Committee, sufficient to make the status of any athlete a matter of reasonable doubt, shall be the basis of investigation in the absence of formal charges. The member or members to whom the investigation is assigned, shall immediately communicate with the party under suspicion, either in person or by registered letter, lay all charges before him or set forth the circumstances which lead to a reasonable doubt and call for an answer to the charges or a satisfactory explanation of the circumstances which gave rise to the doubt. If the athlete cannot satisfactorily prove his innocence, the Committee may inflict such punishment as is in their judgment fitting.

11. Any person who shall refuse to testify before any Registration Committee, or to answer any question which such Committee shall rule to be proper, shall be liable to suspension or such discipline as the Committee may determine, until he has purged himself of such failure or refusal.

12. It shall be within the province of the Registration Committee to suspend from competition for such a time as it may deem proper any person guilty of unfair dealing in connection with athletic competition or for violation of the rules of the Amateur Athletic Union.

13. The following, among other things, shall be considered as unfair dealing and ungentlemanly conduct :

Suppression of true figures from the handicapper ;
the use of obscene or profane language on the track or field, or any other act which tends to disturb or obstruct a competition

14. The decision of the Committee shall be final in all cases, subject only to appeal to the Board of Managers of the Association and then to the Board of Governors of the A. A. U.

15. All applications to active members for registration must be signed by the applicant and be accompanied by a fee of 25 cents and endorsed by the Secretary or other proper official of the club of which said applicant is a member and approved by a member of the Registration Committee within whose jurisdiction said club is located. Should the applicant for registration not be a member of an athletic club, he must procure the endorsement of three reputable citizens of the locality in which he resides, and the approval of a member of the Registration Committee within whose jurisdiction he resides.

16. Every athlete, when he registers, shall state his residence and what club he wishes to represent, and he shall neither be allowed to change his club nor compete unattached during the term of his registration in the A. A. U. or an allied body without the consent of the Registration Committee of the district in which he resides. And when any registered athlete changes his residence from one district to another, he shall notify the Registration Committee of the district wherein he is registered, and such Registration Committee shall issue a transfer to the district in which such athlete intends to reside.

17. All registrations shall be in force for one year from date of registration. An athlete who has been registered shall not be required to fill out a new application, provided he applies for renewal prior to the expiration of his registration.

18. Every athlete, when competing in handicap events outside the territory of the Association from which he is registered, shall forward with the entry a certificate from the handicapper of his own Association showing his last three performances. It shall be the duty of such handicapper to furnish such certificate on request of a registered athlete.

19. It shall be the duty of each Registration Committee and of each allied member to furnish to the Secretary-Treasurer of the A. A. U. every week a list of all registered numbers, names and

addresses, and duplicate lists shall be forwarded to the official handicapper.

20. There shall be paid to the Secretary-Treasurer of the A. A. U. by each active and allied member the sum of ten cents for each certificate of registration that shall be issued by it.

21. The Registration Committee shall collect from applicants (in advance), except A. A. U. members, \$10.00 each for granting sanctions for open athletic fixtures, etc., and \$2.00 each for granting sanctions for basket ball games, said sanctions to cover all games played within one year. One-half of the sanction fees shall be turned over by the Registration Committee to the Secretary-Treasurer of the A. A. U. and one-half to the Secretary-Treasurer of the Association in whose territory the sanctioned events are held.

22. The Committee in charge of open athletic meetings must display the registration number of each competitor in a conspicuous manner before his name on the programme.

COMPLETE BASKET BALL OUTFIT

Official Goal.

A. G. Spalding & Bros.' No. 80 goals, price \$4.00 per pair, are the ones referred to as "official" in the basket ball rules and must be used in all match games. The leading teams of the country are using these goals. A feature of the "official" goal is a unique arrangement of the net, so the bottom can be left

open for practice and closed for match games. No annoying stoppages of the game to repair inferior goals will occur where these goals are used. A cheaper style goal, the Spalding No. 70, cost \$3.00 per pair.

The conditions in the basket ball rules relating to the ball are extremely rigid. Conforming to these rules strictly, the Spalding ball is a most difficult one to manufacture, because to make the ball uniform in size and weight, each piece of leather must be of the best, and to prevent irregularity in shape, only the most careful and experienced workmen can be used in sewing the "official" ball.

The No. M, manufactured by A. G. Spalding & Bros., and sold for \$5.00, is the one mentioned as the "official" ball in the basket ball rules. Be sure it bears the trade-mark as shown on page 108, as this ensures excellence in manufacture, quality and workmanship. This ball must be used in all match games.

Is there anything more annoying than to have the rubber bladder burst in the midst of a good series of plays? The ball has to be unlaced, the bursted bladder removed and a new one replaced—providing you happen to have one—and then laced up again. All this time the spectators are waiting patiently—or otherwise—the players are anxious to play, and the whole game may be spoiled by this occurrence. Suppose the renewed one should burst within the next five minutes—perish the thought! The only thing to do is to call the game off, give rain checks, and play it out at some later date. All this may be obviated by getting the official ball in the first place, which is fitted with one of A. G. Spalding & Bros.' No. OM bladders. These bladders may be bought separate from the ball if desired at \$1.25 each, and it is a good plan to always have an extra one on hand. They are fully guaranteed.

Where the game is played outdoors, the Spalding outdoor goals No. 160, which cost \$40.00 per pair, complete, should be used. The price includes a pair of "official" goals, a pair of 4x6 selected chestnut posts, and a pair of backstops made of tongue and groove chestnut. All of the woodwork on these outdoor goals is given two coats of durable outdoor paint, to protect it from the effects of the weather.

Sometimes it is not convenient to have backstops put in when arranging a place indoors for basket ball, and generally it is next to impossible to find some one who knows how to make them so that they will be just right. A. G. Spalding & Bros. have just arranged to supply backstops for basket ball separately at \$20.00 per pair. These backstops are made of $\frac{7}{8}$ inch matched hardwood; they are reinforced on the back with three cleats of $2 \times 2\frac{1}{2}$ inch material and they are supplied complete, so that it is only necessary to attach them to the wall by bolting through the cleats which extend a little above and below the backstops.

All club managers should keep official scores. The Spalding Official Score Book was prepared to meet the demand of players who wish to keep record of goals and fouls, their nature, and by whom made. This book enables the manager to tell at a glance how many fouls and goals each man made, and serves as a guide for him in coaching his team. A score book containing space for ten games can be bought for 10 cents, or one for twenty five games, 25 cents.

LITTLE FALLS (MINN.) HIGH SCHOOL.

A. G. Spalding & Bros. have outfitted the best college teams in the country, not only for basket ball, but for every athletic sport, and in producing every athletic article of their manufacture, it has been their aim to furnish the really correct article for the athletic purpose intended, using the best material and employing the most skilled workmen.

This season, for the expert player, Spalding supplies a shoe with a pure gum sole, made with a "diamond point" surface.

No. BBR.

This shoe is believed to be the most perfect style ever produced for basket ball players. It will enable a player to keep his footing on the most slippery floor, and is made as durable as possible, but on account of the fact that the soles are made of "pure gum" rubber, with no compound added of any kind to harden them, the soles are not guaranteed. They are known as Spalding No. BBR, and they are sold for \$8.00 per pair.

An old favorite is the Spalding No. BB shoe at \$4.50 per pair. The wearer cannot slip with these shoes because of the unique construction of the sole, which is made of rubber with holes in it, so as to form a suction when in contact with the floor, and yet not enough to interfere with the freest action of the player.

No. BB.

The No. BBL shoe is made same as above with the exception that it is for ladies' use and sells for \$4.50.

A team equipped with Spalding shoes begins the game with a decided advantage over the opposing team, and the advantage increases the longer the game is in progress.

A Basket Ball Player Equipped with Spalding Complete Suit Ready for Game.

A good high-cut rubber soled canvas shoe is sold as No. 1H for \$1.50, and another one of similar style, cheaper grade, No. M, for \$1.00.

In low cut shoes, No. 1, which corresponds in quality to No. 1H, sells for \$1.25, while the next grade low cut, No. K, costs 75 cents.

Various styles of pants are used in basket ball. The unpadded styles of white or black sateen or silesia, made loose fitting with fly front and lace back, sell for \$1.25, \$1.00, 75 and 50 cents per pair; stripes down the sides cost 25 cents per pair extra. No. 5B, made of heavy brown or

white canvas, padded loosely on hips and very loose fitting, costs \$1.00 per pair. No. 6B, made of gray or white flannel, but made

similar in style to No. 5B, costs \$1.75 per pair. They are really very handsome and are extremely light and comfortable to wear.

Those desiring knee tights will find the No. 604 at \$1.25 a pair

made with 4-inch stripe around chest in various combinations of colors, cost \$1.50 each; sanitary cotton, No. 6ES, similar in style to No. 600S, and in same combinations of colors, 75 cents each. Spalding supplies also the No. 1ER best quality worsted shirt with sash of a different color for \$5.00 each, and the No. 6ED of sanitary cotton,

with sash also, for 75 cents each.

Those desiring quarter sleeves should order No. 601, of worsted, at \$1.25, or No. 6F, of sanitary cotton at 50 cents.

Either of the foregoing, especially the worsted, will be found to give entire satisfaction.

The sanitary cotton are well made, but being cotton, do not absorb the perspiration as readily, but in other respects make a good garment for the purpose intended.

Sweaters are a needed adjunct to every basket ball player's outfit. Spalding's No. A Intercollegiate Sweater, which is the official sweater worn by all the leading university and college teams, is made of pure Australian lambs' wool and has

been found indispensable as a preventative for taking cold. It retails for \$6.00. The No. B heavy weight sweater retails for \$5.00, and the No. C, standard weight, for \$4.00.

In jerseys, a very popular garment worn with sleeveless jackets, is Spalding's No. 10PX, which is manu-

factured from hard twisted worsted of good quality and closely woven. It is made with a solid color body with alternate striped sleeves—usually two inches of same color as body with narrow stripes of any color. It costs \$3.00. The same grade in solid, plain colors, costs \$2.75. Full striped jerseys in a large variety of colors—Spalding's No. 10PS is a popular style—cost \$3.25 each.

No. 2RC.

Every good player realizes that a stocking of extra quality is necessary for basket ball, and can rest assured that those furnished by Spalding are the best that can be procured for the money.

No. 3-0S stockings are made of heavy ribbed wool, especially woven, and come in a variety of alternate colors to suit the most critical. These stockings retail for \$1.75 per pair. The same grade in plain colors cost 25 cents less. This

grade is also made with 4-inch stripe around calf of leg, at same price as the No. 3-0S. The No. 1RS stockings, heavy weight, also have alternate colors and retail for \$1.25 per pair; the medium weight in same grade retails for \$1.00. The Nos. 1R, 2R and 3R which are plain colors come in heavy, medium and lighter weight, and sell for \$1.10, 90 and 70 cents respectively. A pair of cotton stockings can be bought for 25 cents. Spalding furnishes in each grade a stocking with 4-inch stripe around calf for same price as the regular striped stocking.

A good belt to wear is No. 804, in black only, which retails for \$1.00. Cheaper qualities can be bought for from 40 cents up.

No. 804.

No. 5.

No player should play without a supporter. This advice is not heeded by some who have not learned the above by serious experience. Many a game is lost by the best player being injured and withdraw from the game because the above advice has not been heeded.

The Spalding.

The No. 5 "Bike" Supporter has been conceded by all as the "only" jockey strap suspensory. It is clean, comfortable and porous, and is made in three sizes. The price is 75 cents.

O. P. C.

Two other well known suspensories are the Spalding which sells from 25 cents to \$1.25, according to material used, and the Old Point Comfort, at \$1.00 to \$1.50, depending on the material also.

Spalding's elastic supporters are used a great deal, and are a most necessary part of the equipment. They are made in several styles, and cost 25 and 50 cents each, depending upon material used.

Another necessary article for the player is the Spalding Ankle Bandage. Cotton thread, \$1.50; Silk, \$2.00.

The Spalding "Highest Quality" Sweaters

We allow four inches for stretch in all our Sweaters, and sizes are marked accordingly. It is suggested, however, that for very heavy men a size about two inches larger than coat measurement be ordered to insure a comfortable fit.

Made of the very finest Australian lambs' wool, and exceedingly soft and pleasant to wear. They are full fashioned to body and arms and without seams of any kind. The various grades in our "Highest Quality" Sweaters are identical in quality and finish, the difference in price being due entirely to variations in weight.

Our No. AA Sweaters are considerably heavier than the heaviest sweater ever knitted and cannot be furnished by any other maker, as we have exclusive control of this special weight.

No. AA.	Particularly suitable for foot ball and skating.

DURAND-STEEL LOCKERS

Lockers That Last

WOODEN lockers are objectionable because they attract vermin, retain odors and can be easily broken into, and are dangerous on account of fire.

Lockers made from wire mesh or expanded metal afford little security, as they can be easily entered with wire cutters. Clothes placed in them become covered with dust; and the lockers themselves present a poor appearance, resembling animal cages.

Durand-Steel Lockers

are made of high-grade steel plates, and are finished with gloss-black furnace

baked (400°) Japan, comparable to that used on hospital ware, which will never flake off nor require refinishing, as do paints and enamels.

Durand-Steel Lockers

are usually built with doors perforated full length in panel design, with sides and backs solid. This prevents clothes in one locker from coming in contact with wet garments in adjoining lockers, while plenty of ventilation is secured by having the door perforated its entire length, but if the purchaser prefers we perforate the backs also.

NO. 232—HOW TO RUN THE BASES.

The importance of base running as a scientific feature of the national game is becoming more and more recognized each year. Besides being spectacular, feats of base stealing nearly always figure in the winning of a game. Many a close contest is decided on the winning of that little strip of 90 feet which lies between cushions. When hits are few and the enemy's pitchers steady, it becomes incumbent on the opposing team to get around the bases in some manner. Effective stealing not only increases the effectiveness of the team by advancing its runners without wasting hits, but it serves to materially disconcert the enemy and frequently has caused an entire opposing club to temporarily lose its poise and throw away the game. This book gives clear and concise directions for excelling as a base runner; tells when to run and when not to do so; how and when to slide; team work on the bases; in fact, every point of the game is thoroughly explained. Illustrated with pictures of leading players. Price 10 cents.
